

BASIC STEEL INDUSTRY CONFERENCE

ROLL CALL VOTE ON RATIFICATION

of the

1977 BASIC STEEL SETTLEMENT

Shoreham Americana Hotel

Washington, D.C.

April 8 and 9, 1977

The Conference was called to meet at 9:30 a.m., April 8. As negotiations were still continuing at that time the meeting was postponed to 4:00 p.m. At 4:00 p.m. the negotiating committees were close to an agreement on the outstanding issues, but the language and other details were yet to be prepared. Accordingly the Conference stood in recess until the following day, April 9, at 9:30 a.m.

The Settlement was read at the April 9 session, discussed by the delegates, and voted on by a standing vote. On motion of delegate E. L. Jones, Local Union 2708, the Conference called by an overwhelming vote for a roll call vote to be taken. The roll was called, with the results shown herein.

The Conference consists of 30 members of the International Union Executive Board, 397 delegates from local unions at properties of the Ten Coordinating Committee Steel Companies, and 302 delegates from local unions at properties of other companies.

As in the past, only the larger local unions at the other companies, which negotiate virtually identical pattern settlements to the Basic Steel Settlement, actually sent their Presidents to the Conference. Similarly, some of the very small warehouse and other local unions at the "Big Ten" companies did not send delegates.

When registration closed on April 8th, 369 delegates had registered. The vote count was:

Voted to Ratify Contract (Yes)	191
Voted to Reject Contract (No)	99
Absent	79
Total	369

The record shown here consists of the 290 delegates who actually voted. If a Local Union is not shown, it may not have sent a delegate, or the delegate may have been absent when the roll was called.

INTERNATIONAL EXECUTIVE BOARD

Officers
